**REASONS FOR ALLOWANCE**

The following is an Examiner's Statement of Reasons for Allowance:

The applicant's amendment filed 2/28/07 overcomes the technical deficiencies and the prior art rejection. Claims 1, 3-15 and 17 allowed because the prior art of record fails to suggest "a switch that is configured to selectively couple the mirror transistor and the output transistor to form a first current mirror that controls bias current through the output transistor" as combined in claim 1 and "a switch operably coupled between the source of the mirror transistor and the second node of the bus; and a Miller capacitor coupled between the drain of the output transistor and the gate of the output transistor" as combined in claim 15.

**CONCLUSION**

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
